

Executive Mentoring

Pre-Requisite: Completed 'How to Sustain your Business' Program.

The Key Benefits of Mentoring Sessions are:

- Having quality time with a Closed System consultant to **work 'on your business'**
- Apply the Closed System™ Business Management Tools on critical business issues
- Review business targets and strategies – identify **opportunities and threats.**
- Evaluate the sustainability of **projects** – assistance with resource and time management.
- Setting **business intentions** to achieve results in correct stages.
- Improve **resource productivity** and value – eliminate waste and inefficiencies.
- Creative sales and **marketing concepts** and strategies.
- Prioritise **work-life balance** for more contentment and fulfilment.
- Reduce any key **dependencies** and build **teamwork** for better performance.
- Strengthen **interdependencies** to re-energise and **expand your business.**

A Closed System consultant will be available to address business strategy and management issues as required.

It is highly recommended that mentoring sessions are planned regularly (at least annually to update your Sustainability Action Plan).

Mentoring sessions are held at your premises by appointment for two hours or at our Melbourne Office:

Located at 101C Osborne Street South Yarra
